PALETTE PRO

Palette Pro is a durable cut pile solution dyed nylon carpet rated Cfl-s1 according to the EU fire standard 13501-1 making it the safe choice in commercial settings such as healthcare and educational institutions.

It is classified 33 – heavy commercial use.

Palette Pro includes our BI-OME anti-microbial yarn treatment, which kills the micro-organisms when they get in contact with the fibers.
The BI-OME treatment is non-leaching and does not diminish over time, even when exposed to heavy cleaning. It is available in our innovative impervious backing, which provides a line of defense against subfloor contamination and adding extra comfort, thermal insulation and sound absorption.

The carpet can withstand extraordinary cleaning requirements, like e.g. the use of strong chemicals for removing stains or unpleasant odors,
while maintaining its original appearance.

CARPETS FOR HEALTHCARE

Our range of wall-to-wall healthcare carpets are popular due to their exceptional performance. The carpets can withstand extraordinary cleaning requirements, like e.g. the use of strong chemicals for removing stains or unpleasant odors – while maintaining its original appearance.

The carpets all include our BI-OME anti-microbial yarn treatment that create an environment to which microorganisms can't adapt and hence deactivate microbes when they meet the carpet. The BI-OME treatment is non-leaching and does not diminish over time, even when exposed to heavy cleaning.

All carpets can be supplied with our impervious backing providing a line of defense against subfloor contamination, adding extra comfort, thermal insulation, and sound absorption. All properties that assist in creating a clean, calm and safe environment for the residents.

The Spectrum Tonals series is accredited by DSDC and rated suitable for dementia friendly environments.
