TECHNICAL DATA

TYPE OF MANUFACTURE Tufted 1 /1 0”	IMPACT SOUND REDUCTION Approx. ΔLw 31 dB
STRUCTURE Coc/Hard Twist	THERMAL RESISTANCE Approx. 0.14 m² K/W
PILE MATERIAL 100% Zintana®	FIRECLASS En – Low radius of effects of ignition
DYE METHOD Solution dyed	COLOUR FASTNESS TO LIGHT (1-8) 6
TREATMENT BI-OME® Anti Microbial	COLOUR FASTNESS TO WATER (1-5) Minimum 5
PRIMARY BACKING PP	COLOUR FASTNESS TO SHAMPOOING (1-5) Minimum 5
SECONDARY BACKING Impervious foam	COLOUR FASTNESS TO RUBBING (1-5) Minimum 5
ROLL WIDTH Approx. 400 cm	REACH Compliant
SURFACE PILE THICKNESS Approx. 6.00 mm	BREEAM NOR Compliant
TOTAL THICKNESS Approx. 10.00 mm	
TOTAL PILE MASS Approx. 1,050 g/m²	
TOTAL MASS Approx. 3,125 g/m²	
STITCH RATE Approx. 172,000 /m²	
ANTISTATIC ≤ 2 kV	
CLASSIFICATION FOR USE 32 Commercial- General use	
CLASSIFICATION FOR USE 23 Domestic- Heavy use	
LUXURY RATING CLASS LC3	
WATERTIGHTNESS Compliant

SPECTRUM DOT

A Carpet You Can Rely On

Spectrum Dot is designed for spaces that need to stay clean, welcoming and safe – day in, day out. That’s why it’s a trusted choice for care homes, hospitals, schools and other busy environments.

Advanced Antimicrobial Treatment

It also features a BI-OME antimicrobial treatment that is non-leaching and does not diminish over time, even when exposed to frequent cleaning – contributing to the prevention of bacterial spread and supporting a more hygienic environment. The yarn is coloured all the way through, enabling the carpet to withstand even tough cleaning without losing its fresh look.

Spectrum Dot is certified with Eurofins Indoor Air Comfort Gold, your assurance of low emissions and a healthier indoor climate.

Clean, quiet, safe – and made to last.

100% Made in Denmark

Produced utilizing renewable energy sources and manufactured without bitumen, PVC and PFAS.
